

An architectural elevation drawing of a four-story building. The building features a central section highlighted in green, which appears to be a glass curtain wall. This central section is flanked by two wings of black-framed windows. The ground floor has a different facade, with a large entrance on the left and a smaller entrance on the right. The building is set against a light gray background with stylized trees and a sidewalk with a few figures.

AHD = Abhangende	2.RW = 2.Rettungsweg
BRH = Brüstungshöhe	FGV = Festverglasung
UZ = Unterzug	dB+ = erhöhter Schallschutz Tür
VD = Vordach	WM/TR = Waschmaschine/Trockner
